

Clarios is a global leader in advanced energy storage solutions, powering one in three of the world’s vehicles. We partner with our customers to develop smarter solutions that make people’s lives better. **Our goal is progress – for people, businesses and our planet.**

GOOD FOR PEOPLE

GOOD FOR BUSINESS

GOOD FOR THE PLANET

BASED ON INSIGHTS	We drive value for our OE and Aftermarket customers through a progress-based approach using human, market and technology insights.
BEST APPLICATION OF TECHNOLOGIES	We meet real and emerging human needs through a deep understanding of battery performance and the systems that rely on it, our unique applied engineering capabilities and superior product design.
LEADING AROUND THE WORLD	We serve markets worldwide through strong owned brands produced using best-practice operations and manufacturing plus circular supply-chain processes with unmatched scale and quality.
BUILT THROUGH PARTNERSHIPS	We create solutions using the shared experience and expertise of long-standing collaboration with customers, suppliers and partners at every level.
FUTURE-FOCUSED	We develop knowledge and advocacy today for the expanding energy storage needs of the future, continually driving toward environmental targets and outpacing regulations and competitors.

Megatrends are rapidly shaping the auto industry of the future, and for Clarios the road ahead is clear. We are out front, adding value at every link in the supply chain. Our technologies deliver uniquely sustainable next-generation performance and bring reliability, safety, and comfort to everyday lives.
